"Educating Ourselves and Our Children in Godliness"

The title of the OCEC Teacher Training Program comes from the writings of Saint John Chrysostom, in his epistle to the Ephesians.

The OCEC Department of Teacher Training offers this workshop to improve the quality of education in our church schools by providing Orthodox directors with management skills, and teachers with knowledge of the faith and basic instructional techniques. Both directors and teachers become familiar with the curriculum and resources available. For further information, or to host a training event, contact Myra Kovalak, Chairperson, OCEC Teacher Training Department (mekovalak@gmail.com).

Teacher Training I Coursework

Overview of Orthodoxy

The basic tenets of our faith are provided in an interactive course that models a variety of teaching techniques.

Introduction to Teaching

Effective teaching is a combination of planning and management. Topics include: how to write a measurable objective, five components of a lesson plan with ideas for the presentation of each, and how to manage a positive, productive classroom.

Curriculum and Resources

An overview of "best resources" will be provided. Websites valuable for Orthodox education will be explored.

Church School Director Seminar

Introduction to Church School Ministry

The course introduces the CSD Manual, designed by experienced Directors to facilitate the organization and management of Church Schools. The course is instructive as well as a platform for sharing.

Curriculum and Resources for the CSD

Participants will receive information on grade-level standards, and review resources that should be in the Church School Library. Online resources will also be presented.

Build Your Staff, Build Your Students

This course will cover positive techniques for recruiting qualified teachers and staff as well as boosting enrollment and attendance for church school programs.

Of all the holy works, the education of children is the most holy.
